MEMBER OF THE BERDAL FAMILY

Ref: #10410_90-2024

Berdal produces Gripline buckets, tubs and rectangular tubs for intensive use. All products are manufactured in Europe and developed for use in construction.

The Original and Durable series are made from 100% recycled and certified plastic, recovered from household waste. This allows Gripline to combine reliability in use whiteh a reduced environmental impact, whitehout compromising on quality.

Whitehin the Gripline range, several series can be distinguished, each whiteh its own application:

- Original & Durable – products made from 100% recycled plastic
- Gripline-C – heavy-duty, certified products for intensive use, whiteh a 5-year warranty
- Gripline-F – flexible and versatile Flextubs
- Gripline-X – reinforced specials for specific applications
