

KONVOX MODULOAD E LASHING STRAP 50MM RATCHET & E-HOOK

GENERAL INFORMATION

For professional securing of heavy loads, the KONVOX Moduload E lashing strap with ratchet and E-hook offers a powerful and reliable solution within the E-track rail system. This orange, two-part lashing strap is 50 mm wide, has a load capacity of up to 2000 daN and is available in lengths of 4, 5 and 6 metres.

The heavy-duty ratchet is attached to a separate 1-metre strap section. Both sections have a spring-loaded E-track click fitting that locks the lashing strap quickly and firmly into the KONVOX Moduload E rail. Suitable for both horizontal and vertical load securing in trucks, semi-trailers, trailers and commercial vehicles.

SAFETY AND APPLICATION OPTIONS

Visually inspect the lashing strap for damage and correct operation before every use. Use the lashing strap only for securing loads and never for lifting or hoisting. Observe the stated LC/load capacity and the correct lashing method. Protect the PES (polyester) webbing when used over sharp edges and avoid knots or twists.

Do not use the lashing strap if the webbing is damaged or torn, the label is missing or illegible, or the ratchet, click fitting, buckle or other fastening parts are damaged.

ADDITIONAL INFORMATION

Almost all KONVOX Moduload products are available in full boxes, outer cartons and on complete pallets. Each packaging unit has its own EAN number for easy identification, ordering and logistics processing.

Disclaimer: To the extent permitted by law, KONVOX (BERDAL) is not liable for damage resulting from improper use, overloading, insufficient inspection, incorrect installation or use that deviates from the product information and safety instructions.
