

KONVOX MODULOAD L RECESSED CARGO RAIL

GENERAL INFORMATION

The KONVOX Moduload L recessed cargo rail is a practical solution for creating flexible anchor points for load securing. The aluminium rail has a narrow, clean and minimalist design and can be flush-mounted in the wall or floor of your van, truck or trailer.

Thanks to the flush installation, the load space remains optimally accessible and the risk of damage to the load from protruding rail parts is reduced. The long lengths make it possible to efficiently provide anchor points over greater distances without using multiple separate rail sections.

Compatible Moduload L fittings, lashing straps and accessories can easily be attached and repositioned. This lets you combine flexible load securing with a clean finish and a flat load floor.

AVAILABILITY

Description	Item number	EAN code
Konvox Moduload L recessed cargo rail 2000 mm	LAZE1001-0615	8713331038728
Konvox Moduload L recessed cargo rail 3000 mm	LAZE1001-0616	8713331038896

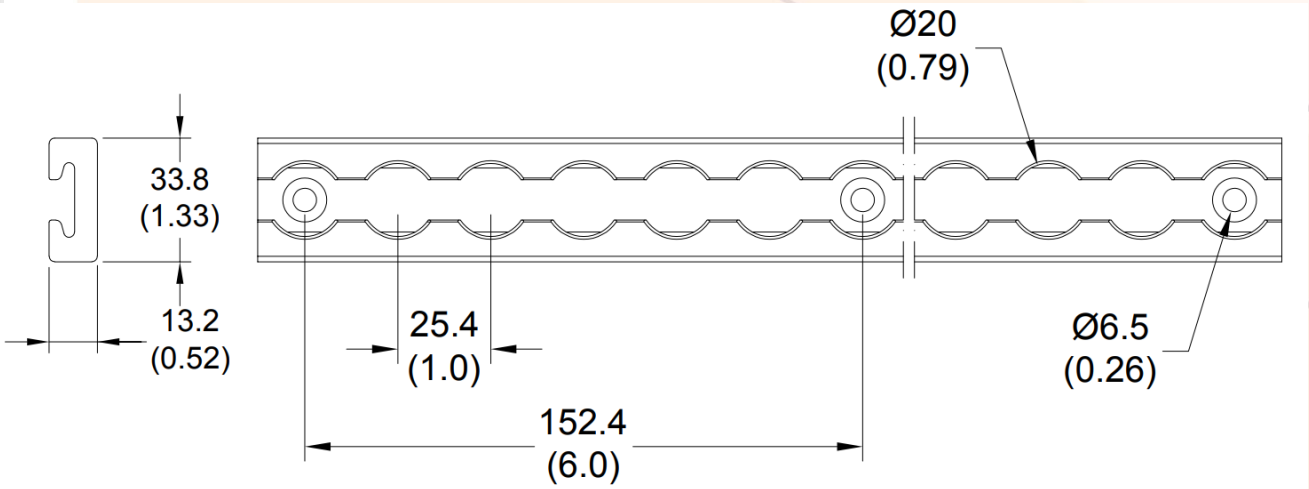

TECHNICAL SPECIFICATIONS

Specification	Feature
Material	Aluminium 6061
Width	10.6 mm
Height	30.5 mm
Length	See descriptions
Weight	578 gramm / m1
Colour	Aluminium matt
Pre-drilled holes	Yes, Ø 6.5mm

DIMENSIONS

SAFETY AND APPLICATION OPTIONS

Before use, check the Konvox Moduload L cargo rail for damage, deformation and correct mounting. Mount the rail only on a sufficiently strong and suitable surface using appropriate fasteners. Regularly check that the fastenings are secure. Use only compatible L-track fittings and suitable lashing straps. Make sure the fittings are correctly locked and the load is evenly secured. Never exceed the permitted load capacity of the rail, fittings and mounting structure. Do not use the rail if there are cracks, deformations, damaged mounting holes or loose fastenings.

ADDITIONAL INFORMATION

Almost all KONVOX Moduload products are available in full boxes, outer cartons and on complete pallets. Each packaging unit has its own EAN number for easy identification, ordering and logistics processing.
