

KONVOX MODULOAD L SURFACE CARGO RAIL HALF-ROUND

GENERAL INFORMATION

The KONVOX Moduload L half-round surface cargo rail is a practical solution for creating flexible anchor points for load securing. The aluminium rail can be mounted on the wall or floor of your van, truck or trailer. Suitable for private users and professional vehicle outfitters.

Thanks to the various mounting positions, compatible Moduload L fittings, lashing straps and accessories can easily be attached and repositioned. This lets you quickly adapt load securing to changing loads. The half-round aluminium profile provides a neat, rounded finish.

DIMENSIONS

SAFETY AND APPLICATION OPTIONS

Before use, check the Konvox Moduload L cargo rail for damage, deformation and correct mounting. Mount the rail only on a sufficiently strong and suitable surface using appropriate fasteners. Regularly check that the fastenings are secure. Use only compatible L-track fittings and suitable lashing straps. Make sure the fittings are correctly locked and the load is evenly secured. Never exceed the permitted load capacity of the rail, fittings and mounting structure. Do not use the rail if there are cracks, deformations, damaged mounting holes or loose fastenings.

ADDITIONAL INFORMATION

Almost all KONVOX Moduload products are available in full boxes, outer cartons and on complete pallets. Each packaging unit has its own EAN number for easy identification, ordering and logistics processing.
